

EBI Corporate Governance Task Force

Terms of Reference

1. Compile a list of Corporate Governance topics which are of interest to EBI academic, advisory and supporting members and which merit further research.
2. Encourage fellow academic members or scholars in academic members with an interest in the aforementioned topics or to lead research in the individual topics identified with a view to producing working papers for the EBI Working Paper Series and/or other publishing outlets.
3. Facilitate the dissemination of draft working papers or contribute raw information and other early stage research among interested EBI members on individual topics with a view to gathering relevant data, sharing views, engaging in constructive debate and developing ideas. Conference calls may be organised to facilitate this exchange of information.
4. Encourage the organisation of workshops, seminars, and conferences to present the research produced to a wider audience.
5. Organise a panel at the EBI Annual Conference on a Corporate Governance topic from the aforementioned list.
6. Schedule a conference call at least three times per year to report to members of the Corporate Governance Task Force on the work of the Task Force including its research priorities and its research outputs. This will also serve as an opportunity to update the list of Corporate Governance topics.
